

# CRITICAL TEMPERATURE 2-POD MERCHANDISER

REFRIGERATED

3' x 6' 2-POD SIZE, CREATE A UNIQUE REFRIGERATED MOBILE OR STATIONARY DISPLAY

*Shown with natural wood panels*

*Shown with black laminate panels*

MODEL	DÉCOR PANELS	LENGTH	WIDTH
FGB3-0232-S	D,E	72"	36"

## FEATURES:

- Display fresh juices, cut fruits, yogurts, deli meats, cheeses, bakery etc.
- Designed to maintain critical product temperature at 38-41°F with a unique 9" high merchandising area
- A mobile display with self-contained refrigeration that plugs into a 115V dedicated circuit and R-513A refrigerant (non-ozone depleting, low-global warming potential)
- A unique attachment system designed to provide the flexibility to incorporate a collection of standard exterior décor panels (Panel E option shown) or customized panels can be created to match your decor or brand image
- The standard décor panels are constructed of natural wood veneers with a variety of stain colours available
- A wide range of laminates, metals and wood finishes to choose from for a customized look
- Protective corners are applied to prevent damage to the décor panels
- Removable black "Ultra-Durable Texture™" powder coated flat base inlays
- Heavy duty casters
- Fresh Go Bins™ are also available in single pod configurations. Specification sheet available
