MODEL	DÉCOR PANELS	LENGTH	WIDTH
FGB3-0132-S	D,E	36"	36"
FGB4-0132-S	D,E	48"	48"

FEATURES:

- Display fresh juices, cut fruits, yogurts, deli meats, cheeses, bakery etc.
- Designed to maintain critical product temperature at 38-41°F with a unique 9" high merchandising area
- A mobile display with self-contained refrigeration that plugs into a 115V dedicated circuit and R-513A refrigerant (non-ozone depleting, low-global warming potential)
- A unique attachment system designed to provide the flexibility to incorporate a collection of standard exterior décor panels (Panel E option shown) or customized panels can be created to match your decor or brand image
- The standard décor panels are constructed of natural wood veneers with a variety of stain colours available
- A wide range of laminates, metals and wood finishes to choose from for a customized look
- Protective corners are applied to prevent damage to the décor panels
- Removable black "Ultra-Durable Texture™" powder coated flat base inlays
- Heavy duty casters
- Fresh Go Bins™ are also available in 2 pod configurations. Specification sheet available

SUGGESTED APPLICATIONS:

-  Bakery
-  Produce
-  Deli

Note: Information and specifications may change due to engineering improvements.
